

Online-Dual Enrollment Program System Requirements

A productivity suite such as Microsoft Office, Microsoft Office 365, Google Workspace (formerly G-Suite), or Open Office is recommended and may be required for some Landmark College Online courses. Students also need the ability to access Landmark College's online course content through a web browser running on a desktop or laptop computer with a webcam. An audio headset is recommended, but not required. All popular browsers are supported, but Landmark College recommends Chrome or Firefox.

Landmark College Online Dual Enrollment courses are optimally experienced through a full-featured web browser running on a desktop or laptop computer running Microsoft Windows or Apple Mac OS. Mobile phones and tablets may not be adequate or appropriate for completing certain aspects of your course work. However, when your laptop or desktop equipment is not available you can still access your courses through a mobile web browser such as Chrome or Safari. This allows you to keep up with your assignments, calendar, to-do list, and Inbox even when traveling. (The mobile app called "Canvas Student" is not compatible with our courses and should be avoided.)

If students access courses from school networks that use content filtering systems, which block access to public sites such as YouTube and Vimeo, students may have issues completing their assignments.
