

## Landmark College Student Online Readiness Training

### Description

In response to research concerning levels of student anxiety surrounding technological readiness in learning online, we built the Landmark College Online Student Readiness training for dual enrollment students. This optional training allows students to gain practical skills to support their long-term success. The training contains 7 modules each discussing areas of online learning. This readiness training is provided free of charge to enrolled dual enrollment students.

**Credits: 0**

### Course Requirements

Available free of charge to Landmark College Dual Enrollment students only.

### Course Topics

1. Getting Ready for Online Learning
2. Self-Direction
3. Study Habits
4. Reading & Research Strategies
5. Communication Skills
6. Technology
7. Adjusting to College

Students who complete the training receive the Landmark College Online Learning Readiness Badge from Badgr, a professional digital badging company. In data from past semesters, those dual enrollment students who completed the Readiness training and earned a badge, scored higher in their online dual enrollment courses, described their online experiences as highly positive, and anticipated taking additional online courses from us and elsewhere.

### Additional Information

Each module takes approximately 30 minutes to complete. It is *highly recommended* that students complete this training *prior* to beginning their credit based dual enrollment online course.

This course is available automatically to all registered and paid dual enrollment students and will be available on the CANVAS dashboard when log-in credentials are sent to students.
